

NATIONAL ASSOCIATION OF
ELECTRICAL DISTRIBUTORS

Smart Tools for Smart Distribution.™

Energy Audit Software Initiative

Our company supports the development of energy audit softwareⁱ specifically designed to allow NAED distributors to audit a customer's energy usage; demonstrate the savings of installing energy efficient equipment; and provide financial analyses.

The NAED Energy Audit Software will allow distributors to become experts in the use of one tool instead of a myriad of manufacturer tools, increase selling time, and shift the focus from selling individual products to providing energy efficiency solutions.

Your Name: _____

Your Title: _____

Company Name: _____

Company Location: _____

City: _____ State: _____ Zip: _____

Phone: _____ Email: _____

Your Signature: _____ Date Signed: _____

Please let us know if we can count on your commitment by completing this pledge form and faxing it to NAED's Member Services Regional Manager, **Jon Gehbauer**, at 877.312.9801.

ⁱ There will be a modest initial set-up fee for each distributor company to cover the initial data load and a monthly subscription fee of \$50/user.
